

Advisory to All ERHS Parents

Dear Parent/Guardian:

Eaton Rapids Public Schools has adopted an Integrated Pest Management program. Inherent with this are the district's efforts to reduce pesticide use as much as possible. While it may occasionally be necessary to apply a pesticide, these will only be used as a last resort. This program does not rely on routine pesticide applications to resolve problems. We use various techniques such as habitat alteration, sanitation, mechanical means, exclusion, etc. to prevent pests from becoming a problem.

You have the right to be informed prior to any pesticide application that might be needed in your children's school. In an emergency, pesticides may be applied without prior notice, but you will be provided notice following any such application. To receive notification, please complete the following information. If this form is not returned we will assume you do not want to be notified.

At anytime should you have questions or concerns about pesticide use at your child's school, please contact the Operation Department at 663-4411. This number may also be called on days when school is not in regular session. Please cut off and return the bottom portion to your child's school.

Pesticide prior notification request

School: _____

Parent/Guardian Name: _____

Student Name: _____

Mailing Address: _____

City: _____ Home Phone: _____ Cell Phone: _____

Please select the appropriate response:

Yes, I/we only want to be notified whenever any scheduled major pesticide application (turf or aerosol) is made.

Yes, I/we want to be notified even when an ant trap, small bait application or other least-toxic application is made.

Parent Signature: _____ Date: _____

If your child changes schools during this school year, please be sure to report it to the Operations Office at 663-4411. Thank you.
